Recommendation 2.11			
1. Board oversees that the company has in place a sound enterprise risk management (ERM) framework to effectively identify, monitor, assess and manage key business risks.	Compliant	Provide information on or link/reference to a document showing the Board's oversight responsibility on the establishment of a sound enterprise risk management framework and how the board was guided by the framework. Provide proof of effectiveness of risk management strategies, if any.	The Board regularly meets to discuss and update themselves regarding the ongoing plans and programs of the Company and how these may affect the Company's liquidity and other relevant risks. The Company has established a system on internal audit of the Company to provide a more effective risk management system.
2. The risk management framework guides the board in identifying units/business lines and enterprise-level risk exposures, as well as the effectiveness of risk management strategies.	Compliant		The Company's risk management policy focuses on 3 major areas – 1. Competition – New and existing competitors can erode the Company and its subsidiaries' competitive advantage through the introduction of new products and services, improvement of product quality, increase in production efficiency, new and updated technologies and costs reductions. To manage these, the Company and its subsidiaries continuously come up with new and exciting products and improve product propositions.

			<p>2. Third Party Services – The Company’s social media services are dependent on 3rd party services. Maintaining and sustaining a satisfactory relationship with these providers is critical to ensure technical support for the Company’s social media services. To mitigate this risk, the Company is constantly in search for the right partners.</p> <p>3. Internet – The Company’s social media services are dependent on the quality and accessibility of the Internet. The over-all user experience may be adversely affected by a poor internet connection. The growth of this sector in the Philippines may be limited as internet access has not reached more far-flung areas in the country. To mitigate this risk, the Company is constantly in search of telecommunication partners who will provide reliable internet connection.</p>
